Plant: Hitachi CX500 Crane

Multifunctional Crawler Crane

The CX500 is used in conjunction with our 18RF Ice Vibro, for sheet piles, cased bored piling and vibration driven H piles. Its secondary support function in the piling role is lifting cages and holding the concrete tremmie when pouring concrete. Additionally it can be used as a service crane.

Stats:

Machine Weight	50T
Working Width (adjustable track width)	4.360m
Working Length	6.775m
Working Max Height	5.32m
Working Radius	3.5m
Transporting Height	3.18m
Length of track on ground	5.55m
Min. ground clearance	360mm
Max. lifting load	50T
Max. operating radius	34m
Max. lifting height	35m
Boom length	40m
Swing speed	4
Travel speed	1.4km
Flywheel Horse power	180
